WELCOME TO CROSSAN STUDIOS

Welcome to Crossan Studios, home of Eric Crossan Photography. We are centrally located near Townsend Delaware or M.O.T. to locals, just a stone's throw from Rt.13 and Del. Rt.1, just 30 minutes south of Wilmington and Newark and 20 minutes north of Dover with easy access to the Eastern Shore of Maryland and Southern Delaware. Located on a country road our unique outdoor studio is over a acre in size with access to a pond and dock and a small creek winds through a stand of tall mature trees. Two stands of bamboo and our own beach setting make for interesting backgrounds all year long. Your tastes and interests will determine where the portraits are taken, however we do place an emphases on and take advantage of the outdoors when ever possible. So if you have a special hobby, or are into sports, have a cool car or truck or

play an instrument we want you to bring them along so we can incorporate them into your senior portraits. And if there is a special place you would like to be or have an item that you can not bring with you we will arrange a location shoot to capture those images for you at an additional fee. In the studio it might be high fashion or grungy jeans, formal or casual, it's up to you. The time is yours to express yourself and your interests, in your favorite cloths, listening to your favorite tunes and making cool pic's to share with family and friends for years to come. We can place your images on facebook, myspace, your ipod, a DVD, and even shoot a short video to use wherever you would like at an additional fee. So give us a call (we love to talk) or send us an email (we don't text) and let's get the experience started.

Do It Today !!!!

No limits on poses...**No** restrictions on clothing changes...
No pre-defined packages...**No** hidden fees for special sessions...
No sitting fees...

**EVERY PENNY YOU SPEND APPLIES DIRECTLY
TO YOUR PORTRAITS!!**

How does it work?

It's simple: You determine exactly what portraits you want, and what size you need; based on the cost of what you anticipate your need to be, we will block out a specified amount of time, just for you. From that point there no restrictions!

Want indoor and outdoor portraits? Want to bring a friend? Have a hobby or sport you're into, or maybe a bunch of cool outfits? Want several different poses to give to your friends? No Problem! We can do whatever you desire, as long as we can get it done during your reserved time.

Keep it Simple Session - (outdoor's only) -

done) - up to 4 hours

What's Included?

General retouching & finishing (blemishes, pores, moles, scars, etc.). No additional charge for black & white, sepia toned, special effects, etc.

Print Orders

Print orders placed within one week of previews being available receive our special early pricing; for all other orders, please refer to our still low standard pricing.

Final Prints

Your final print order will be ready approximately 2 - 3 weeks after you order. Specialized products such as canvases, painted portraits, sports trading cards, etc. may take up to 4 - 6 weeks. We will contact you by phone or email to set up a convenient time for your images to be picked up, once they are complete.

Where are the packages?

I find it very difficult to put together one set of packages that please everyone; typically, you'll find only some of what you really want in a package (and typically some items that you don't want), and have to "upgrade" in order to get what you Really want. A low-price package may get you in the door - but you almost always spend more!

**Think of this as a
build-your-own package,
with no restrictions!**
